

Vascular Plants of Lane County, Oregon: An Annotated Checklist
Updates: Additions, Deletions and Other Changes - Installment # 3 (October 2003)

PTERIDOPHYTES

DRYOPTERIDACEAE – WOOD FERN FAMILY

Polystichum californicum (D.C. Eaton) Diels – CALIFORNIA SWORDFERN

Habitat: cracks in dry rock cliffs. **Ecoregion:** Western Cascades. **Occurrence:** scarce. **Notes:** only one site in Lane County; on Emerald Chapter Rare and Endangered list.

DICOTS

BRASSICACEAE – MUSTARD FAMILY

Rorippa curvipes Greene var. *truncata* (Jeps.) Rollins – BLUNTLEAF YELLOWCRESS

Habitat: streambanks; pond margins and mud flats. **Ecoregion:** Western Cascades. **Occurrence:** scarce.

Rorippa islandica (Oeder) Borbás var. *hispida* (Desv.)

Butters & Abbe - WESTERN MARSHCRESS

Change name, authority and common name to:

Rorippa palustris (L.) Besser ssp. *hispida* (Desv.) Jonsell – MARSH YELLOWCRESS [= *Rorippa islandica* (Oeder) Borbás var. *hispida* (Desv.) Butters & Abbe]

CONVOLVULACEAE – MORNING GLORY FAMILY

Calystegia sepium (L.) R. Br. – HEDGE BINDWEED [= *Convolvulus sepium* L.]

Add subspecies. Should be:

Calystegia sepium (L.) R. Br. ssp. *angulata* Brummitt – HEDGE BINDWEED

FABACEAE – PEA FAMILY

Lathyrus palustris L. – MARSH PEA

Habitat: salt marsh. **Ecoregion:** Coastal Zone.

Occurrence: scarce. **Notes:** Historic record from 1924. Recently relocated.

Lupinus sericeus Pursh var. *sericeus* – SILKY LUPINE

Delete var. Should be:

Lupinus sericeus Pursh – SILKY LUPINE

LAMIACEAE – MINT FAMILY

Lycopus americanus Muhl. - AMERICAN BUGLEWEED; CUT LEAVED WATER HOREHOUND

Change authority to:

Lycopus americanus Muhl. ex W.P.C. Barton – AMERICAN BUGLEWEED; CUT LEAVED WATER HOREHOUND

Mentha arvensis L. var. *canadensis* (L.) Kuntze – FIELD MINT

Change name and authority to:

Mentha canadensis L. – FIELD MINT [= *Mentha arvensis* L. var. *canadensis* (L.) Kuntze]

Mentha spicata L. var. *spicata* – SPEARMINT

Delete variety. Should be:

Mentha spicata L. – SPEARMINT

LAURACEAE – LAUREL FAMILY

Umbellularia californica (Hook. & Arn.) Nutt. – CALIFORNIA LAUREL; OREGON MYRTLE

Habitat: forest understories near human habitation. **Ecoregion:** Willamette Valley. **Occurrence:** scarce. **Notes:** escapee from landscape plantings.

ONAGRACEAE – EVENING PRIMROSE FAMILY

Epilobium glaberrimum Barbey ssp. *glaberrimum* – SMOOTH WILLOWHERB

Change name, authority and common name to:

Epilobium cilatum Raf. ssp. *glandulosum* (Lehm.) Hoch & P.H. Raven – GLANDULAR WILLOWHERB [= *Epilobium glaberrimum* Barbey ssp. *glaberrimum*]

POLYGONACEAE – BUCKWHEAT FAMILY

Polygonum cuspidatum Siebold & Zucc. *X sachalinense*

F. Schmidt ex Maxim. – JAPANESE HYBRID KNOTWEED

Change name, authority and common name to:

Polygonum Xbohemicum (Chrték & Chrtková) Zika & A.L. Jacobson – BOHEMIAN KNOTWEED; HYBRID JAPANESE KNOTWEED

Polygonum confertiflorum Nutt. – CLOSE FLOWERED KNOTWEED

Change name and authority to:

Polygonum polygaloides ssp. *confertiflorum* (Nutt. ex Piper) J.C. Hickman

Polygonum douglasii Greene var. *douglasii* – DOUGLAS' KNOTWEED

Change var. to ssp. Should be:

Polygonum douglasii Greene ssp. *douglasii*

Polygonum kelloggii Greene – KELLOGG'S KNOTWEED

Change name and authority to:

Polygonum polygaloides Wallich ex Meisn. ssp. *kelloggii* (Greene) J.C. Hickman – KELLOGG'S KNOTWEED [= *Polygonum kelloggii* Greene]

Polygonum sawatchense Small – SAWATCH KNOTWEED

Change name, authority and common name to:

Polygonum douglasii Greene ssp. *johnstonii* (Munz) J.C. Hickman – JOHNSTON'S KNOTWEED [= *Polygonum sawatchense* Small]

ROSACEAE - ROSE FAMILY

Aruncus dioicus (Walter) Fernald – GOAT'S BEARD [= *Aruncus sylvester* Kostel.]

Add variety.

Aruncus dioicus (Walter) Fernald var. *acuminatus* (Rydb.) H. Hara – GOAT'S BEARD [= *Aruncus sylvester* Kostel.]

SCROPHULARIACEAE – FIGWORT FAMILY

Collinsia grandiflora Lindl. – LARGE FLOWERED BLUE-EYED MARY

Correct authority. Should be:

Collinsia grandiflora Douglas ex Lindl.

Collinsia rattanii A. Gray ssp. *glandulosa* (Howell) Pennell – RATTAN'S COLLINSIA

Delete subspecies. Change name to:

Collinsia rattanii A. Gray – RATTAN'S COLLINSIA

Linaria canadensis (L.) Dum. Cours. var. *texana* (Scheele) Pennell – BLUE TOADFLAX

Change name, authority and common name to:

Nuttallanthus texanus (Scheele) D.A. Sutton – LARGE FLOWERED TOADFLAX; TEXAS LINARIA [= *Linaria canadensis* (L.) Dum. Cours. var. *texana* (Scheele) Pennell]

Mazus japonicus (Thurb.) Kuntze – JAPANESE MAZUS

Change name and authority to:

Mazus pumilus (Burm. f.) Steenis – JAPANESE MAZUS [= *Mazus japonicus* (Thurb.) Kuntze]

Veronica serpyllifolia L. ssp. *humifusa* (Dicks.) Syme – NATIVE THYME LEAVED SPEEDWELL

Change ssp. to var. Change authority. Should be:

Veronica serpyllifolia L. var. *humifusa* (Dicks.) Vahl – NATIVE THYME LEAVED SPEEDWELL

Veronica serpyllifolia L. ssp. *serpyllifolia* – THYME LEAVED SPEEDWELL

Change ssp. to var. Should be:

Veronica serpyllifolia L. var. *serpyllifolia* – THYME LEAVED SPEEDWELL

MONOCOTS

JUNCACEAE – RUSH FAMILY

Juncus arcticus Willd. var. *balticus* (Willd.) Trautv. – BALTIC RUSH

Change name and authority to:

Juncus balticus Willd. ssp. *ater* (Rydb.) Snogerup [= *Juncus balticus* Willd.; *Juncus arcticus* Willd. var. *balticus* (Willd.) Trautv.]

Juncus effusus L. var. *effusus* – COMMON RUSH

Change var. to ssp. Change common name. Should be:

Juncus effusus L. ssp. *effusus* – SOFT RUSH; PASTURE RUSH

Juncus effusus L. var. *pacificus* Fernald & Wiegand – PACIFIC RUSH

Change var. to ssp. Change authority. Add second common name. Should be:

Juncus effusus L. ssp. *pacificus* (Fernald & Wiegand) Lint ex Zika - PACIFIC RUSH; COMMON RUSH

Juncus ensifolius Wickstr. var. *ensifolius* - SWORDLEAF RUSH; DAGGER LEAVED RUSH

Delete variety. Should be:

Juncus ensifolius Wickstr.

Juncus exiguus (Fernald & Wiegand) Lint ex Snogerup & Zika – WEAK RUSH, KLAMATH RUSH [= *Juncus effusus* L. var. *exiguus* Fernald & Wiegand]

Add common names.

Juncus hesperius (Piper) Lint – COAST RUSH, BOG RUSH [=

Juncus effusus L. ssp. *hesperius* Piper; *Juncus effusus* L. var. *brunneus* Engelm.]

Add common names. Correct authority.

Juncus occidentalis (Coville) Wiegand. – WESTERN RUSH; PRAIRIE RUSH [= *Juncus tenuis* Willd. var. *congestus* Engelm.]

Habitat: stream banks; lake margins; marshy roadside ditches. **Ecoregion:** Willamette Valley. **Occurrence:** occasional. **Notes:** similar to *Juncus tenuis* and may be a robust variant of it. Needs study.

Juncus tenuis Willd. – SLENDER RUSH [= *Juncus tenuis* Willd. var. *congestus* Engelm.]

Add second common name and delete synonym. See synonymy under *Juncus occidentalis* (Coville) Wiegand.

Should be:

Juncus tenuis Willd. – SLENDER RUSH; POVERTY RUSH

POACEAE - GRASS FAMILY

Agrostis curtisii Kergélen – BRISTLE BENTGRASS

Habitat: wet prairies. **Ecoregion:** Willamette Valley.

Occurrence: scarce. **Notes:** A recently identified record for Lane County and Oregon.

Festuca arundinacea Schreb. – TALL MEADOW FESCUE

Change name and authority to:

Schedonorus phoenix (Scop.) Holub – TALL MEADOW FESCUE [= *Festuca arundinacea* Schreb.]

Festuca pratensis Huds. – MEADOW FESCUE

Change name and authority to

Schedonorus pratensis (Huds.) P. Beauv. – MEADOW FESCUE [= *Festuca pratensis* Huds.]

Paspalum dilatatum Poir. – DALLISGRASS

Habitat: roadside ditches. **Ecoregion:** Coastal Zone.

Occurrence: scarce.

Poa rhizomata Hitchc. – TIMBER BLUEGRASS

Habitat: mountain ridges and summits. **Ecoregion:**

Western Cascades. **Occurrence:** scarce. **Notes:** known from one historic record; on Emerald Chapter Rare and Endangered list.
